An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Serbin on August 15, 2005.

Claims 13-16 and 20 have been canceled.

In claim 12, line 4, "at least one hydroquinone solvent" has been deleted and - - tetrabutyl urea - - has been substituted therefor. In line 5, "15 to 100" has been deleted and - - about 20 to about 80 - - has been substituted therefor. In line 7, "constitutes" has been changed to - - constituting - - . In the last line, "solvents" has been deleted and - - solvents, and further wherein the weight ratio isodurene to durene in the working solution is from about 1.5:1 to about 5:1 - - has been substituted therefor.

The following is an examiner's statement of reasons for allowance: Example 2 of applicant's specification provides evidence that it was possible to operate working solution B with a higher production capacity than solution A, wherein solution B contains durene and isodurene as the quinine solvent in amounts embraced by applicant's claims and when employing tetrabutyl urea as the hydroquinone solvent, in comparison to solution A which employs durene and isodurene as the quinone solvent in amounts outside the amounts embraced by applicant's claims when employing tetrabutyl urea as the hydroquinone solvent. Accordingly any holding that it would be prima facie obvious to modify the processes of Goor et al (US 4,349,526), Giesselmann et al (US

3,789,114) and Schreyer (US 3,699,217) by employing tetrabutyl urea as the hydroquinone solvent and durene and isodurene as the quinone solvent in the amounts recited in applicant's claims has been rebutted.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
